Insights hub page — meta

URL: `/insights`

Meta Title *(47 chars)*
Insights | Architecture Notes by StellAcu Media

Meta Description *(135 chars)*
Field reports, diagnostics & playbooks on how we architect growth. Method, not theory. Subscribe for monthly Architecture Notes.

Individual Architecture Notes

Each note URL follows the pattern: `/insights/[short-slug]`

Business Advisory

Note 01 · Inside our 90-day GTM rebuild for a Series-B SaaS company

URL slug: `/insights/90-day-gtm-rebuild-saas`

Meta Title *(54 chars)*
90-Day GTM Rebuild: Inside a Series-B Field Report

Meta Description *(122 chars)*
How we rebuilt a Series-B SaaS company's GTM in 90 days. The diagnosis, the 4 phases, and 41% pipeline lift on flat budget.

Note 02 · The 5 questions we ask before any category entry

URL slug: `/insights/category-entry-questions`

Meta Title *(52 chars)*
5 Questions Before Any Category Entry | Diagnostic

Meta Description *(134 chars)*
Before entering a new category, run these 5 questions. The diagnostic we use to tell real category creation from repositioning in disguise.

Note 03 · Why most positioning decks die in week 6

URL slug: `/insights/positioning-decks-die-week-6`

Meta Title *(48 chars)*
Why Positioning Decks Die in Week 6 | StellAcu

Meta Description *(120 chars)*
Most positioning decks die six weeks after kickoff. Here's why, and what to ship instead. Architecture, not artifacts.

Inbound

Note 01 · Inside the 4x organic traffic playbook

URL slug: `/insights/4x-organic-traffic-playbook`

Meta Title *(48 chars)*
4x Organic Traffic Playbook for a SaaS Scale-up

Meta Description *(127 chars)*
How we took a SaaS scale-up from 22K to 92K monthly organic visitors in 12 months. The 4 moves and the architecture behind them.

Note 02 · AEO is the new SEO

URL slug: `/insights/aeo-12-point-audit`

Meta Title *(46 chars)*
AEO Is the New SEO | 12-Point Audit Playbook

Meta Description *(127 chars)*
A 12-point audit for Answer Engine Optimization. How to make your brand citable by Perplexity, ChatGPT and Google AI Overviews.

Note 03 · Why most content programs go quiet by month 9

URL slug: `/insights/content-programs-quiet-month-9`

Meta Title *(43 chars)*
Why Content Programs Go Quiet by Month 9

Meta Description *(130 chars)*
Most content programs fail at month 9 for a structural reason. Here's why, and how to ship a program that survives past year three.

Outbound

Note 01 · How we ran a Paid + ABM playbook for a $50M revenue stretch

URL slug: `/insights/paid-abm-50m-stretch`

Meta Title *(48 chars)*
How We Ran a Paid + ABM Stretch to $50M Revenue

Meta Description *(124 chars)*
Field report on a $40M to $50M ARR push. How target list concentration cut CPO 67% and lifted pipeline 41% on flat budget.

Note 02 · The 7 signals we look for before launching SEM at scale

URL slug: `/insights/7-signals-sem-scale`

Meta Title *(43 chars)*
7 Signals We Look for Before Scaling SEM

Meta Description *(129 chars)*
The 7 readiness signals we run before scaling paid search. Most companies miss 4 of them and find out the hard way 90 days later.

Note 03 · Why the funnel is dead

URL slug: `/insights/funnel-is-dead`

Meta Title *(50 chars)*
Why the Funnel Is Dead (and What We Run Instead)

Meta Description *(132 chars)*
The funnel stopped describing B2B reality 5 years ago. Here's the buying-committee model we use instead, and how to align sales to it.

Media & Growth

Note 01 · The 6-format DOOH playbook we ran across 12 cities

URL slug: `/insights/6-format-dooh-playbook`

Meta Title *(55 chars)*
6-Format DOOH Playbook Across 12 Cities | Field Report

Meta Description *(126 chars)*
How we lifted brand recall 4.2x with a 6-format DOOH playbook. The sequencing, the formats, and the 3-layer attribution model.

Note 02 · Three OOH campaigns that survived past week 2

URL slug: `/insights/ooh-campaigns-survived-week-2`

Meta Title *(44 chars)*
3 OOH Campaigns That Survived Past Week 2

Meta Description *(125 chars)*
Most OOH campaigns lose cultural attention by day 14. Three that didn't, and the patterns that made them references for years.

Note 03 · The 4-layer media mix we build before any plan goes live

URL slug: `/insights/4-layer-media-mix`

Meta Title *(48 chars)*
The 4-Layer Media Mix We Build Before Any Plan

Meta Description *(135 chars)*
Brand visibility, demand activation, pipeline, retention. The 4-layer architecture every media plan needs to survive a CFO review.

AI & Automation

Note 01 · The 9-agent stack we deployed inside a marketing team in 6 weeks

URL slug: `/insights/9-agent-marketing-stack`

Meta Title *(48 chars)*
9-Agent Marketing Stack We Deployed in 6 Weeks

Meta Description *(124 chars)*
Field report on a 9-agent operational stack inside a 14-person marketing team. 42% output lift, zero new hires, in 6 months.

Note 02 · GEO is the new SEO

URL slug: `/insights/geo-14-point-audit`

Meta Title *(46 chars)*
GEO Is the New SEO | 14-Point Audit Playbook

Meta Description *(134 chars)*
A 14-point audit for Generative Engine Optimization. How to make your brand citable inside AI-generated answers before competitors.

Note 03 · Three marketing automation rollouts that failed

URL slug: `/insights/marketing-automation-failures`

Meta Title *(56 chars)*
3 Marketing Automation Rollouts That Failed | Teardown

Meta Description *(124 chars)*
Three real automation failures and the structural patterns behind them. The 4 questions we ask before any rollout goes live.

Carbon-Smart

Note 01 · How we cut a consumer electronics brand's media carbon footprint by 40%

URL slug: `/insights/cut-media-carbon-footprint-40`

Meta Title *(52 chars)*
40% Media Carbon Cut, No Reach Loss | Field Report

Meta Description *(131 chars)*
How we cut a consumer electronics brand's media carbon footprint by 41% without losing reach. The 5 moves and the audit behind them.

Note 02 · Greenwashing has a copy problem

URL slug: `/insights/greenwashing-copy-problem`

Meta Title *(40 chars)*
Greenwashing Has a Copy Problem | POV

Meta Description *(138 chars)*
Why most sustainability copy is greenwashing even when the brand is doing the work. The 2 rules that fix it and the example that proved it.

Note 03 · The 3-layer model for sustainability that scales with growth

URL slug: `/insights/3-layer-sustainability-model`

Meta Title *(46 chars)*
The 3-Layer Sustainability Model That Scales

Meta Description *(134 chars)*
Why most sustainability strategies fail at scale. The 3-layer architecture (supply chain, narrative, systemic) that scales with growth.
